Summer Camp Program

Junior Group Leaders

Summer Camp is designed to help youth ages 5-12 develop skills and increase self-confidence while participating with other youth in a fun, safe environment. The Junior Group Leaders help out with children in tandem with our Senior Group Leaders who are 18 years old or older. In this way, Junior Group Leaders learn while they earn.

Our Summer Camp Program operates at three manufactured home communities: Brookside, Lakeside and Townsedge. These programs are offered on site so that youth are able to participate regardless of transportation.

Each camp day is purposefully planned to include a variety of activities in arts and crafts, recreational sports, and small group activities. Each week, the site goes on a field trip to locations within the Metro area (e.g. Roller skating, Shoreview community center). Each site will work on a production that will be presented to parents and community members the last week of camp.

A good candidate for the Junior Group Leader position is someone who:

- can make mature decisions
- feels comfortable playing with children ages 5-12
- feels comfortable in a leadership role
- is able to work in group settings
- is willing to learn.

We do not expect that Junior Group Leaders know everything about working with children. We do expect that they are open to learning and willing to try new skills and roles.

People interested in applying for this position should submit their completed application (attached) to:
