

Turtle Lake holds donation drive

On Friday, May 23, third, fourth and fifth grade students from Turtle Lake Elementary School in Shoreview held a "Donations Drive" for Northwest Youth & Family Services Penny Pinchers Thrift Store.

Residents from all over the Shoreview area came with boxes and bags of housewares, clothing and more. Students were able to fill a large cargo van and trailer with all the items collected.

The donated items will be sold at Penny Pincher's Thrift Store in Mounds View, which serves as a Youth Employment Training Program for area teens.

The group of third graders and teachers that were part of this event previously helped Penny Pinchers with a "sports equipment" drive and setting up a store display.
